Any man who tries to sell you Shoes and says they are better than Courtney's Full Vamp Shoes, just nail him by asking him why it is that they cut the leather out from under the tips of the kind of shoes he sells. It's a sin and a shame how some makers will cripple a good looking shoe and then tell you it is all the better for cutting the strength all out of it.

You want your money's worth and are entitled to it. We believe we can give it to you in every pair of Courtney's Shoes—fact is we guarantee it.

The people are showing their appreciation for good Shoes at the right prices. Our growing trade demonstrates that. We'd be glad to show you Courtney's Full Vamp Shoes and take chances on your buying.

Experimenting With Cotton.

W. R. Brown 9 miles east of town has ten acres of cotton that is simply fine and is equal to anything you can see at this season of the year in Oklahoma and Texas. Many of his neighbors have planted anywhere from ten to twenty acres and have very flattering prospects for a good yield. This paper would be very much pleased to learn just how many acres are planted to cotton in Quay county this season and if those who are cultivating cotton will send us the number of acres planted we will try to aid them in securing a gin for the purpose of taking care of it after they gather it.

The crops are being plowed the last time and corn is in silk and tassel.

There will be a school meeting here on the 27th for the purpose of selecting a school house site and raising funds for part payment on the building. This is district No. 30.

R. H. Alley of San Jon was in Wednesday to meet a party of friends who desire to locate in the San Jon Valley. He says the outlook is good for crops.
